Mesa Air	YV	6005-6384	Yes	2.5 kgs/5.5 lbs	Yes

¹ Flight ranges are subject to change without notice. Updates to this chart will be posted regularly on unitedcargo.com.

² Standard model #400 (36" long x 24" wide x 26" high) is the largest kennel accepted on any routing with a United Express flight. Exceptions to PetSafe acceptance apply to certain equipment types and station locations. Please call United PetSafe at 1-800-575-3335 to verify availability.

³ On mainline United Airlines flights, up to 5.5 pounds of dry ice per package is accepted in QuickPak (QPK) shipments tendered at the passenger terminal, and up to 99 pounds of dry ice per package is accepted in QPK shipments tendered at a UA freight facility and at the QPK Centers in EWR and ORD.

⁴ Live animals as PetSafe are accepted on CommutAir, ExpressJet and Trans States if the flight is less than three hours duration and operated with Embraer 135 or Embraer 145 aircraft. Please call United PetSafe at 1-800-575-3335 to verify that a specific flight accepts PetSafe.
