

UNITED AIRLINES/UNITED EXPRESS FLIGHT NUMBER RANGES EFFECTIVE MARCH 18, 2017¹

This chart contains current flight number ranges assigned to all United mainline and United Express flights. This chart also displays the UA and United Express Carriers' policies governing the acceptance of UN3373 and dry ice in QuickPak domestic small package shipments and Express Carriers' acceptance of PetSafe shipments.

Flight numbers 1-1299, 1400-2049 and 2380-2429 represent United Airlines mainline service. All United Cargo products may be transported on these flights.

Carrier	Carrier Code	UA Marketed Flight Range	Accepts UN3373?	Maximum Dry Ice Per Piece	Accepts PetSafe? ²
United Airlines	UA	1-1299, 1400-2049, 2380-2429	Yes	See Note ³	Yes

Flight numbers 3400-6399 represent United Express service. All United Express flights accept QuickPak shipments and PetSafe shipments only. (Cape Air does not accept PetSafe – see below.)

Carrier	Carrier Code	UA Marketed Flight Range	Accepts UN3373?	Maximum Dry Ice Per Piece	Accepts PetSafe? ²

Cape Air - CMI	9K	6385-6399	No	2.5 kgs/5.5 lbs	No

¹ Flight ranges are subject to change without notice. Updates to this chart will be posted regularly on unitedcargo.com.

² Standard model #400 (36" long x 24" wide x 26" high) is the largest kennel accepted on United Express. Exceptions to PetSafe acceptance apply to certain equipment types and station locations. Please call United PetSafe at 1-800-575-3335 to verify availability.

³ On mainline United Airlines flights, up to 5.5 pounds of dry ice per package is accepted in QuickPak (QPK) shipments tendered at the passenger terminal, and up to 99 pounds of dry ice per package is accepted in QPK shipments tendered at a UA freight facility and at the QPK Centers in EWR and ORD.

⁴ Live animals as PetSafe are accepted on ExpressJet if the flight is less than three hours duration and operated with Embraer 135 or Embraer 145 aircraft. Please call United PetSafe at 1-800-575-3335 to verify that a specific ExpressJet flight accepts PetSafe.
